Informatica Cloud Pay-As-You-Go for Microsoft Azure

David Mischick
Tuesday, March 14th, 2017

The opinions expressed in this presentation and on the following slides are solely those of the presenter.
Introduction

• New Microsoft Azure Pay-As-You-Go (PAYG) license introduced in December 2016
• Hourly pricing instead of monthly subscription
• For kick-starting an Azure project or proof of concept
What is Cloud?

• Several solutions on the Cloud Platform
• Data Integration is our focus today
Informatica Cloud By The Numbers

- 7000 iPaaS Customers
- 70+ OEMs (Over 1000 customers)
- 150+ iPaaS Connectors
- 600B Transactions per month (200% growth YoY)
- >3M Integration jobs/processes per day
- >$125m/Yr (54% YoY)

What’s Included in PAYG?

• One instance of Informatica Cloud Services in Informatica's hosted environment
• One instance of a secure agent that is pre-installed and pre-configured in a choice of either a Windows Server 2012 R2 Datacenter or Ubuntu Linux 16.04 based Azure Virtual Machine
• One source and one target connector
Cloud for Azure Diagram

Informatica Cloud for Azure

Cloud Applications

On-Premise Applications

Microsoft Azure
- SQL Data Warehouse
- Secure Agent
- Data Lake Store
- Blob Storage
- DocumentDB

Informatica Cloud
- SQL Database
- Dynamics
- SharePoint
- Dynamics

Informatica Cloud for Azure Diagram
What’s The Catch?

• Limited to 1TB storage of the selected Azure Service
• Must load Microsoft Azure target
• Support only via Informatica Network moderated community forum
• Targeting new Cloud customers only
Demo – Sign In to Microsoft Account

- Sign in or create a Microsoft Account (formerly Windows Live ID)
Demo – Start Configuration

- In Azure portal now, starting a template for the PAYG solution
Demo – Create Azure Subscription

- Free Azure trial for 30 days/$200 credit
Demo – Begin Five Steps

- First step is to enter contact information
Demo – VM Details

- Choose Windows or Linux VM, cost of VM is separate, Linux is half the cost

**Instance Size:**
D12 v2: 4 cores, 28 GB RAM, 200 GB disk, $0.652/hr
Demo – Choose Connectors

- Select Azure target first, then any source
- Azure services cost example: SQL Database

PERFORMANCE LEVEL:
8: 5 DTUs, 2 GB storage per DB, $0.0067/hr
Demo - Summary

• Review your choices
Demo - Buy

- Legal agreement
Demo – Provisioning/Deployment

• Will take about 10 minutes
• Be sure to stop VM when leaving this portal
Free Learning from Informatica

- Cloud Academy
- [https://cloudacademy.informatica.com](https://cloudacademy.informatica.com)
- 8 courses, 3 labs, and 15 tutorials
Conclusion

• For kick-starting an Azure project or proof of concept
• Questions? microsoft@informatica.com
